## **COMPANY PROFILE**

Established since 1981, Ban Teck Han has a long history of meeting customers' needs in the provision of food packaging solutions. With its manufacturing bases and distribution centres in Singapore and Malaysia, the company is well-positioned to serve its wide customer base. Ban Teck Han bases its premise on not simply supplying products but also providing an end-to-end solution that begins and ends with a concept to enhance the overall packaging value. The 360-degree packaging solution ties in perfectly with Ban Teck Han's customer focus, which is without a doubt its strongest asset. Quality checks are in place to ensure the good quality of products are matched with the most competitive price for the customer. The wide-ranging product catalogue gives the customer plenty of choices. Product customization is also a core strength of the company, and offers an opportunity for Ban Teck Han to partner its customers in coming up with creative and value-adding packaging.

## **BTH MISSION**

Ban Teck Han focuses on providing high quality, innovative, competitive and environmentally friendly products to our customers.

We continuously innovate and research, to deliver total packaging solutions that add business value, create social value and improve the lives of our customers. BTH Group is committed to conserve the environment by operating recycling facilities in our factories and ensuring that our research and development team develop products that are of the highest safety standards for food packaging.

### **QUALITY & SERVICES**

In Ban Teck Han, we are committed to providing excellent services and quality. We collaborate with our customers and suppliers to ensure a seamless supply chain, which transforms into reliable and timely delivery. Our friendly and knowledgeable staffs are ever ready to help our customers with the best packaging solutions. Quality product is synonymous with the BTH Brand, and we take pride in our relentless pursuit of the highest quality achievable.

### **INTERGRITY & TRUST**

Trust and Integrity are the pillars of our successful business relationships. BTH Group is focused on working with our customers to overcome the increasing competitive pressures to reduce cost, conserve resources, improve productivity and raise profitability.

### **GO GREEN**

Ban Teck Han offers high quality biodegradable food packaging which is sustainable alternative to plastic, paper & Styrofoam. In Ban Teck Han, we strive to uphold the highest green standards to ensure product quality and performance. Ban Teck Han biodegradable products are made from renewable natural resources, which reduces the amount of polypropylene material required. The results in much lighter carbon footprint and grater price stability.

# GO GREEN!

Whether you're just starting your sustainability journey or looking to improve your current packaging, we're here to support you every step of the way.

**Olivepack** specialize in providing high-quality, compostable solutions that help businesses reduce their environmental footprint without compromising on performance or presentation.

Our range of compostable products is thoughtfully designed using eco-friendly materials, supporting a circular economy and reducing waste in landfills.

At Olivepack, we're not just packaging food—we're packaging a better future.
